Hunter Biden Timeline

Despite all the news coverage, I'm yet to find a good, thorough and detailed timeline overview of events that led to the Rise & Fall of Hunter Biden. So, I'm forced to do one of my own.

Part 1: The Rise of Hunter

In any event, here I go  (thread)

1996: Grads Yale Law. Gets job as Exec VP at Joe Biden's preferred Bank, MBNA.

1998: Gets spot in Clinton admin, Dept. Of Commerce.

2001: Becomes a lobbyist, starts Oldaker, Biden & Belair. Then create one w/out his name; The National Group, LLP.

2006: Dad & uncle get him...

... out of the lobbying game in prep for Joe's 2008 Pres Run. 1) Joe likely asks McCain for favor. Bush appoints Hunter to Amtrak board. 2) Joe asks brother to get him steady outside job/\$. Hunter & James Biden set up shell Holding co's and partner with a Fund investor to...

... takeover Paradigm family of firms/funds. Hostile force out of 3rd guy. Thru shells, takeover companies set up Hunter/James Biden as 3rd party consultants and pay the shells on monthly retainer and a % of found investors. \$1.2M per year plus commission.(Remember that!)...

Gets ugly. Sued in NYC court.

2007-08: Suit gets settled for unknown amounts. Boies is law firm commenting at the end.

2007: Beau Biden takes office as AG for DE.

2007: Biden's lobbying firm increases (starting in 2006) 300%, likely around time he gets on Amtrak board...

...his name is only on innocent Bills, which Biden doesn't vote on mostly.

March 16, 2007: Biden for President starts paying Oldaker, Belair & Wittie. Good thing they got Biden's name out of there!

Sept. 29, 2007: Hunter contributes to Tom Harkin. Employer: Oldaker & Biden.

Dec. 2007: Biden takes out \$1.29M in loans from Bank of America (MBNA).

Nov. 2008: Obama/Biden elected.

2009: Biden's campaign hit with massive FEC fine. Obama transfers money to campaign to pay the \$1M+ fine.

Hunter Biden's clients move from Oldaker to... Seneca Global 🌞

On June 30, 2005, **MBNA** announced that it was being acquired by **Bank of America** for stock and cash totaling more than \$35 billion, and the deal was closed on January 1, 2006. The **acquisition** resulted in **MBNA** being renamed to "**Bank of America Card Services**" while still based in Delaware.

2009: Hunter Biden, Devon Archer and Chris Heinz start Rosemont Seneca. Hunter joins Boies, Schiller & Flexner (represented him in 2007-08). Hunter & Co start Eudora Global, venture capital firm among others in prep for Joe Biden's foreign endeavors as VP.

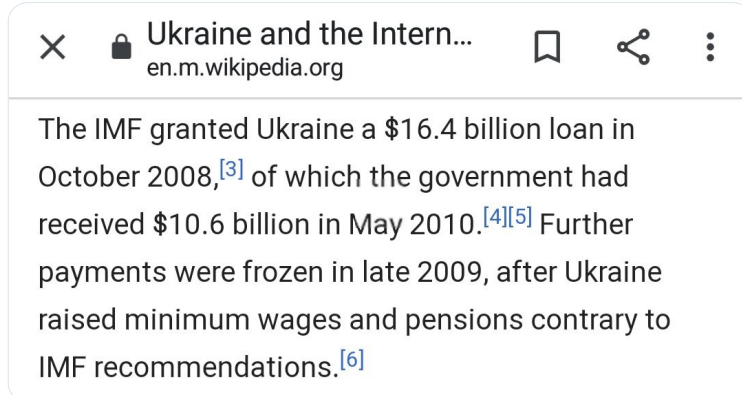

Feb 2009: Paradigm...

... partner hit with \$8B fraud case (Allen Stanford).

July 2009: Joe Biden takes first swing at a Ukraine/IMF deal (likely why Hunter started the shell companies) with "strings attached" (Joe's words). Ukraine violates terms.

Nov. 2009: Paradigm building owner accused of...

... being front for Iranian govt to get them US money and avoid sanctions.

2010: Hunter and James Biden dissolve/liquidate Paradigm.

2011-13: Hunter start talks and investing in China. Create BHR Partners (from Bohai Capital merger). Rosemont buys \$BILLIONS\$ of Real Estate.

In December 2013, [Ukrainian Prime Minister Mykola Azarov](#) noted "the extremely harsh conditions" of a renewed IMF loan presented by the Fund on 20 November of that year. The conditions, which included steep budget cuts and a 40-percent increase in natural-gas bills, were the last argument supporting the Ukrainian government's decision to suspend preparations to sign the [Ukraine–European Union Association Agreement](#) on 21 November 2013.^{[11][12][13]} The decision to postpone signing the agreement led to the [Euromaidan](#) protests.^{[14][nb 1]} On 7 December 2013, the IMF clarified that it was not insisting on a 40-percent single-stage increase in natural-gas tariffs; the Fund recommended a gradual increase to an economically-justified level, with compensation to the poor in the form of increased social assistance.^[21] On 10 December 2013, Ukrainian president [Viktor Yanukovich](#) said: "We will certainly resume the IMF negotiations. If there are conditions that suit us, we will take that path".^[22] However, Yanukovich repeated that the IMF conditions were unacceptable: "I had a conversation with U.S. Vice President [Joe Biden](#), who told me that the issue of the IMF loan has almost been solved, but I told him that if the conditions remained ... we did not need such loans".^[22] In December 2013, Ukraine again applied to the IMF for about \$20 billion to meet the costs associated with signing the [Ukraine–European Union Association Agreement](#).^[23]

Mar. 24, 2014: Archer buys \$3.6M townhouse in Brooklyn. Note: puts in wife's name at end of 2017, likely to avoid seizure (guess). 3 days later...
